### **How commissions work:**

I visit the garden and discuss with the potential client possible view points, size, medium and price. I aim to capture the essence of the garden, inspired by direct observation. My paintings will immortalize the garden. The painting usually takes at least three sessions to complete.

My impressions make ideal special birthday or retirement gifts. Often groups of friends or family combine to give a painting as a joint gift for a keen gardener. Prices start from \$100 for a small unframed plant study in gouache or oil. Examples of prices for standard sizes:

\$200 9x5 inches c 13x23cm  
\$500 12x16 inches c 31x41cm  
\$800 16x20 inches c 41x51cm  
\$1000 20x24 inches c 51x61cm  
\$1500 20x30 inches c 51x76cm

- Sizes may be standard or customized.
- Larger and non standard sizes will be quoted on application.
- The paintings are unframed in gouache on board or oils on canvas.
- Gouache paintings will need to be framed under glass and can be made larger by having a mount as well as a frame.
- Oil paintings on canvas need not necessarily be framed as edges will be painted to give a neat, modern finish.
- My preferred method is painting on location. However, I can also work from good quality photographs if required.
- I require 20% non refundable deposit to commence. This is deducted from the final price on completion. If not satisfied the client can choose not to purchase the finished painting. (This has not happened as yet.)
- I can also have blank greeting cards printed with an image of the painting made for the client if required.

I look forward to painting your gardens or those of your friends.

Please use my contact details above or the contact page in my web site to receive brochures, quotations, arrange visits and/or to be added to my mailing list.
